

HIDE to WEARER

Standard of Value

Value is the essential thing in buying shoes. Style and comfort are desirable but can be secured easily as they are merely a matter of selection and proper fitting.

Every one knows by experience that the service and wear of most shoes is uncertain.

There is much satisfaction in knowing what is the best value for your money. Among the wholesale trade, shoes made by ENDICOTT-JOHNSON CO. have been the standard of value for 20 years.

There are reasons for this which any one can understand. This is the largest and most complete organization in the world for the production and distribution of shoes—the only shoe makers that tan their own leather.

Today these are greater values than ever before because they are placed in our store direct from the raw material less all middlemen's profits.

You receive Better Shoes for Less Money.

A New Home For The Famous

ORONOCO Whiskey

We Have Moved From 604 Pa. Ave. N. W., Washington D. C.

To Our Attractive New Building

636 Pa. Ave. N. W.

WASHINGTON, D. C.

BUSINESS growth tells briefly our reason for moving from 604 Pa. Ave., to 636 Pa. Ave. Our new home is nearly twice the size of the old. We have equipped it with every modern convenience known to an up-to-date liquor business and we believe we have the finest establishment of the kind in the National-Capitol. We laid our plans very carefully in constructing our new building and have spared nothing that would promote comfort or convenience. In our new quarters we will be better able than ever to handle local business which is increasing every day and has made this the leading mail order house of Washington. We attribute our phenomenal business growth as a tribute to the merits of the goods we sell. Oronoco Rye is known to all. It is the ideal quality Whiskey, that is recommended by
